- Responsible, Community-minded Citizen
- Solution-Seeker

What is Career & Technical Education?

- A planned program of courses and learning experiences that begins with exploration of career options, supports basic academic and life skills, and enables achievement of high academic standards, leadership, preparation for industry-defined work, and advanced and continuing education.
- Gives purpose to learning
- Provides career exploration & preparation
- Prepare for high wage, high demand, high skill careers

Empowered to Learn!

Our Mission

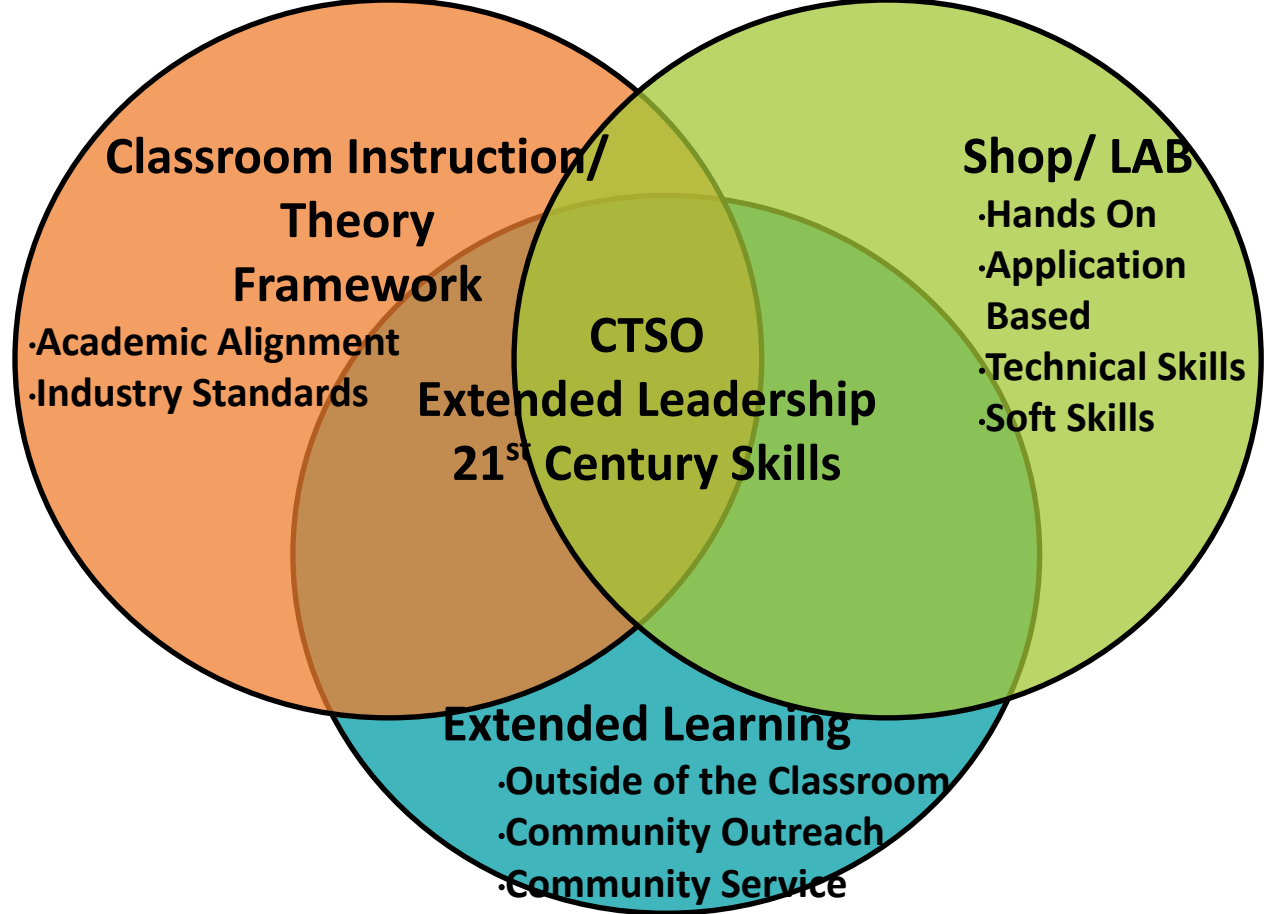

The mission of the Career & Technical Education (CTE) program is to prepare our students by integrating rigorous classroom instruction with opportunities that inspire and guide them to acquire skills for continued learning, careers, and life.

Empowered to Learn!
