MEMORANDUM

TO: Board of Directors
DATE: August 3, 2021
FROM: Deborah Rumbaugh, Ed.D.
RE: District Strategic Plan Development
TYPE: Action Required

The process of developing a multi-year comprehensive district strategic plan, particularly in districts where a robust plan is not yet developed, often includes partnership with a consultant or agency. This type of support includes both the development and implementation of a multi-year plan.

In order to explore the use of a consultant, we would utilize the Request for Proposal (RFP) process as outlined in Board Policy No. 6220 Bid or Request for Proposal Requirements.

Recommendation: That the Board authorizes a Request for Proposal (RFP) to explore the use of a consultant or agency to develop a multi-year comprehensive district strategic plan.
