Technology Update (Distance Learning)

- **Chromebooks distributed to nearly all students**
- **650 Hotspots out in the community. Ninety more arriving soon**
- **Primary students using Seesaw, secondary students using Google Classroom. Hybrid students are continuing to use these platforms to be prepared for a potential shift back to continuous learning.**
- **Technology platforms have been added to support student learning including: IXL Reading, Screencastify, Mote, Reflex math, and an upgraded version of Google Suite.**
- **Thirty iPads purchased to support pre-schoolers in continuous learning**
- **Hybrid teachers received voice amplifiers to help teach through masks**
