

Stanwood Camano School District #401

Dan Johnston

Executive Director of Teaching and Learning

MEMORANDUM

To: Stanwood-Camano School District Board of Directors
Fr: Dan Johnston
Re: Approval of Stanwood High School Curriculum
Date: June 21, 2022

The following curriculum has been recommended by the Stanwood High School Principal and Science Department for Adoption. The curriculum has been unanimously approved by the Instructional Materials Committee. All course materials will be purchased using District Curriculum funds.

1. Environmental Science for the AP Course, 3rd Edition, 2019. Published by Bedford, Freeman and Worth

Please find the attached

1. Letter of curriculum recommendation from Christine Del Pozo.
2. Materials cost quote from Bedford, Freeman and Worth.

RECOMMENDATION: That the Stanwood-Camano School District Board of Directors approve the Adoption of Advanced Placement Environmental Course for Stanwood High School.

STANWOOD HIGH SCHOOL

Christine Del Pozo, Principal
Carolyn Coombs, Assistant Principal/Activities Director
Tom Wilfong, Assistant Principal/Athletic Director
Ross Short, Career/Tech Ed Director
Denice Eichler, Dean of Students

May 27, 2022

Dear Members of the Instructional Materials Committee,

It is our pleasure to be able to offer AP Environmental Science next year at Stanwood High School. We are in need of purchasing a set of textbooks that would serve a dual purpose of meeting the requirements for both the College Board's AP program and Everett Community College's College in the High School program.

The textbook, Friedland, Andrew and Rick Relyea, *Environmental Science for the AP® Course*, 3rd ed., New York, NY: Bedford, Freeman, and Worth, 2019, is perhaps the most popular among AP Environmental Science teachers. It is on the approved list of textbooks that the College Board publishes. After investigating more about it, teachers say it does the best job of teaching the exact content of the course in a way students can understand, as well as providing AP level practice questions and scenarios to help prepare students for the exam.

Thank you for taking the time to help us purchase this textbook. We really think it will help students master the content of the AP Environmental Science course.

Thank you,

Stanwood High School Science Department

Ryan Ingram
